Recommendation Letter

Dear Prof. Barmina,

on behalf of the Technical Committee for Gearing and Transmissions I would like to express the TC's support to hold an International Forum on MMS in Izhevsk including the SIOMMS2020 in October 2020.

The aim of the Conference is to bring together researchers, industry experts and students from a broad range of gear related areas. Especially, to hold the conference in memoriam of Prof. Goldfarb is a strong commitment not only to the outstanding achievements of his internationally recognized work as an international scientist in the field of gearing. The Technical Committee for Gearing and Transmissions is pleased to recommend and advertise the event within its community and to take part in all necessary stages.

The sad news were somehow shocking for our TC. The Technical Committee for Gearing and Transmissions of IFToMM will hold Professor Goldfarb's memory in the highest esteem.

Prof. Dr.-Ing. habil. Frank Schäfer
Chair of IFToMM Technical Committee for Gearing and Transmissions
